

CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW AND OUTLOOK

We are a software service provider focusing on the market of the PRC. We provide internet security technical service and big data related analysis service to the customers. We are also an integrated game developer, operator and publisher focusing on the market of Hong Kong and other countries and regions. We operate and publish the Group's self/co-developed and licensed games in Hong Kong and other regions primarily through the Group's game distribution platforms as well as other third-party distribution platforms. We collect payments from players either through the Group's own game platform, third-party distribution platforms such as Apple Store and Google Play, or third-party payment vendors, which include convenience stores selling prepaid game cards/vouchers. We consider such integration of upstream and downstream services in the value chain of the game industry has provided us with a better market position.

The outbreak of the novel Coronavirus 2019 since the beginning of 2020 is a fluid and challenging situation faced by all industries of the PRC, Hong Kong and even worldwide.

For the three months ended 31 March 2022, the Group recorded a net loss of approximately HK\$0.8 million as compared to a net loss of approximately HK\$3.3 million for the same period in 2021.

During the three months ended 31 March 2022, we allocate more resources in the internet security technical service as there is a wide market and high demand in the PRC. Many gaming and video streaming companies are suffering from network attacks such as DDoS and SQL injection attacks. The internet security has become a must have in the year of 2022 and afterward.

Furthermore, we closely monitor the performance of the Group and the Group will continue to pursue the key business strategies to expand its game portfolio through introducing more high-quality licensed games with a focus on mobile games, to consolidate market position and enhance marketing efforts.

MATERIAL ACQUISITIONS AND DISPOSALS

There was no material acquisitions or disposals during the three months ended 31 March 2022.

PURCHASE, SALE OR REDEMPTION OF LISTED SECURITIES OF THE COMPANY

During the three months ended 31 March 2022, neither the Company, nor any of its subsidiaries purchased, sold or redeemed any of the Company’s listed securities.

COMPETITION AND CONFLICT OF INTERESTS

None of the Directors, the controlling shareholders or substantial shareholders (as defined in the GEM Listing Rules) of the Company or any of its respective close associates (as defined in the GEM Listing Rules) has engaged in any business that competes or may compete, either directly or indirectly, with the businesses of the Group, or has any other conflict of interests with the Group during the three months ended 31 March 2022.

DIRECTORS' SECURITIES TRANSACTIONS

The Company has adopted a code of conduct regarding securities transactions by the Directors (the “**Code of Conduct**”) on terms no less exacting than the required standards of dealings set out in Rules 5.48 to 5.68 of the GEM Listing Rules (the “**Required Standard Dealings**”). The Company had also made specific enquiry of all the Directors and each of them was in compliance with the Code of Conduct and Required Standard Dealings throughout the year under review. Further the Company was not aware of any non-compliance with the required standard of dealings regarding securities transactions by the Directors throughout the year under review.

CORPORATE GOVERNANCE PRACTICE

The Company has applied the principles and code provisions in the Corporate Governance Code and Corporate Governance Report (the “**Code**”) as set out in Appendix 15 to the GEM Listing Rules. To the best knowledge of the Board, the Company has complied with all the applicable code provisions set out in the Code during the three months ended 31 March 2022 and up to the date of this report except for the below deviation.

Code provision C.2.1 of the Code as set out in Appendix 15 of the GEM Listing Rules stipulates that the roles of chairman and chief executive officer should be separate and should not be performed by the same individual. As Mr. Sze Yan Ngai (“**Mr. Sze**”) was appointed as the chief executive officer (the “**Chief Executive Officer**”) on 30 June 2021 and performed the roles of the chairman of the Board (the “**Chairman**”) and the Chief Executive Officer, the Company has deviated from this Code from 30 June 2021. As Mr. Sze resigned as the Chairman and the Chief Executive Officer on 7 January 2022, and Mr. Liu has been appointed as the Chairman and the Chief Executive Officer on 7 January 2022, thereby undertaking both the roles of the Chairman and the Chief Executive Officer, the Company has deviated from this Code from 7 January 2022. However, the Board believes that vesting the roles of both the Chairman and the Chief Executive Officer in Mr. Liu and Mr. Sze respectively during different periods throughout the year ended 31 December 2021 and until the date of this report has the benefit of ensuring consistent and continuous planning and execution of the Company’s strategies. The Board considers that this situation will not impair the balance of power and authority between the Board and the management of the Company because the balance of power and authority is governed by the operations of the Board which comprises experienced and high caliber individuals with demonstrated integrity. Furthermore, decisions of the Board are made by way of majority votes. The Board believes that this structure is conducive to a more precise decision making process and allows for prompt response to the fast changing business environment and a more efficient management and implementation of business process. The Board also considers that vesting the two roles in the same person provides the Group with strong and consistent leadership in the development and execution of the Group’s business strategies and is beneficial to the Group.

Reference is made to the announcements of the Company dated 6 January 2022 and 7 January 2022 in respect of the resignation of Ms. Wong Pui Yain as a non-executive Director. Pursuant to Rule 17.104 of the GEM Listing Rules, the Stock Exchange will not consider diversity to be achieved for a single gender board. Following the resignation of Ms. Wong Pui Yain on 6 January 2022, the Company did not have a female

Director, and hence the Company failed to meet the requirement as set out in Rule 17.104 of the GEM Listing Rules. Following the appointment of Ms. Ngo Mei Kwan as an independent non-executive Director with effect from 7 January 2022, the Company has Directors of both genders on board. As such, the Company has complied with the requirement set out in Rule 17.104 of the GEM Listing Rules as at 7 January 2022 and up to the date of this report.

SUFFICIENCY OF PUBLIC FLOAT

As at the date of this report, based on the information that is publicly available to the Company and to the best knowledge of the Directors, the Directors confirm that the Company maintained public float of 25% as required under the GEM Listing Rules.

SHARE OPTION SCHEME

A share option scheme (the “**Scheme**”) conditionally adopted by the Company was approved by the shareholders on 23 December 2015.

The Scheme became effective for a period of 10 years commencing on the listing date of the Company. Under the Scheme, the Board may in its absolute discretion determine at the time of grant of the relevant option but the subscription price shall not be less than whichever is the highest of: (i) the closing price of the shares as stated in the Stock Exchange’s daily quotations sheet on the date of the granting of the option; (ii) the average closing prices of the shares as stated in the Stock Exchange’s daily quotation sheets for the five business days immediately preceding the date of the granting of the option; and (iii) the nominal value of a share. An offer shall remain open for acceptance by the Qualifying Grantee concerned for a period of 28 days from the date of the offer (or such period as Board may specify in writing). HK\$1 is payable by the grantee to Company on acceptance of the option offer.

The period as the Board may in its absolute discretion determine and specify in relation to any particular option holder in his option agreement during which the option may be exercised (subject to such restriction on exercisability specified therein), which shall be not greater than the period prescribed by the GEM Listing Rules from time to time (which is, as at the date of adoption of the Scheme, a period of 10 years from the date of the granting of the option).
